CMS-10079 Hospital Wage Index Occupational Mix Survey

CMS-10510 Basic Health Program (BHP) Supporting Regulations

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each

proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title:* Hospital Wage Index Occupational Mix Survey; *Use:* Section 304(c) of Public Law 106-554 amended section 1886(d) (3) (E) of the Social Security Act to require CMS to collect data every 3 years on the occupational mix of employees for each short-term, acute care hospital participating in the Medicare program, in order to construct an occupational mix adjustment to the wage index, for application beginning October 1, 2004 (the FY 2005 wage index). The purpose of the occupational mix adjustment is to control for the effect of hospitals' employment choices on the wage index. For example, hospitals may choose to employ different combinations of registered nurses, licensed practical nurses, nursing aides, and medical assistants for the purpose of providing nursing care to their patients. The varying labor costs associated with these choices reflect hospital management decisions rather than geographic differences in the costs of labor.

CMS takes the data collected from the approximately 3,200 IPPS providers participating in the Medicare program and runs the data through mathematical formulas to create the occupational mix adjustment to the wage index. CMS informs hospitals of the occupational mix adjusted wage indexes through notice and comment rulemaking each year. *Form Number:* CMS-10079 (OMB Control Number: 0938-0907); *Frequency:* Annually; *Affected Public:* Private Sector, Business or other for-profit and not-for-profit institutions; *Number of Respondents:* 3,200; *Number of Responses:* 3,200; *Total Annual Hours:* 1,536,000. (For policy questions regarding this collection contact Noel Manlove at 410-786-5161.)

2. *Type of Information Collection Request:* Reinstatement, with change, of a previously approved collection for which approval has expired; *Title:* Basic Health Program

(BHP) Supporting Regulations; *Use*: In accordance with Section 1331 of the Patient Protection and Affordability Care Act, Pub. L. 111-148 (ACA), BHP is federally funded by determining the amount of payments that the federal government would have made through premium tax credits and cost-sharing reductions for people enrolled in BHP had they instead been enrolled in an Exchange. States must submit a BHP Blueprint to CMS for certification prior to the state implementing a BHP and must submit a revised Blueprint in the event that a state seeks to make significant changes that alter program operations; the BHP benefit package; or enrollment, disenrollment, and verification policies described in the Blueprint. Such States must also submit a BHP annual report. In addition to the reinstatement, this 2022 iteration proposes changes that are associated with the March 12, 2014 (79 FR 14112) BHP final rule that have not previously received PRA approval; *Form Number*: CMS-10510 (OMB Control Number: 0938-1218); *Frequency*: Monthly and annually; *Affected Public*: State, Local or Tribal Government; *Number of Respondents*: 2; *Number of Responses*: 27; *Total Annual Hours*: 2,568. (For policy questions regarding this collection contact Cassie Lagorio at 443-721-8022.)
